The street railway company, interurban lines and the Monon road have prepared to handle immense crowds, as it is believed that the crowds every day this week will break all previous records. The Union Traction Company has arranged a thirty-minute schedule and will run through trains to Indianapolis from Marion, Elwood and Muncie. On Thursday and Friday a fifteenminute schedule has been arranged, and trailers will have to be used, it is believed. The other interurban lines have also provided the best schedules possible with their limited number of cars. The Indianapolis Street-railway Company will have a oneminute service to the fair grounds during the week, and on Wednesday and Thursday the Monon road will run trains from the Union station to the fair grounds every thirty minutes.

## COLLISION ON A

FREIGHT BRAKEMAN KILLED IN A WRECK NEAR CLINTON.

Damage in Wabash Telephone Plant Fire-Muncie to Adopt Meter Rate for Gas-Other State News.

Special to the Indianapolis Journal.

CLINTON, Ind., Sept. 14.-There was a fatal freight wreck three miles north of Clinton at 10:30 o'clock this morning. The local switch crew had started north with a coal train, moving slowly on a heavy grade. Another coal train following ran into the caboose, which was demolished and thrown from the track. Conductor W. A. Smith and rear Brakeman Sterling Kerr jumped from the caboose. Kerr fell, and the caboose fell on his head, crushing it and killing him instantly. The conductor escaped with an injured arm. The engineer of the rear train probably underestimated the difference in speed of the two trains, as he said he meant to help the leading train over the grade.

#### METER RATE FOR MUNCIE.

Council Probably Will Pass Ordinance at To-Night's Meeting.

Special to the Indianapolis Journal. MUNCIE, Ind., Sept. 14.-Indications tonight are that the gas rate question will be settled by the Council to-morrow night. It is believed that councilmen have received assurances enough from their constituents that the 25-cent meter rate will be satisfactory to justify them in passing the ordinance now pending. An effort may be made to secure a rate of 22 cents, but if the companies refuse to accept it, seven councilmen will no doubt vote for the 25-cent

It is believed that the proposed franchise for the Wabash Oil and Gas Co., offering an 18-cent rate for next year, will be either loaded down with amendments or laid over indefinitely. This company's proposition has not been seriously considered, mainly riage teams, saddle horses, equipages and for the reason that it is thought its sole sweepstakes on all kinds of live stock in desire is to secure a franchise for an artifi-

Farmers will bring wood to the city this fall and winter, and the ing, and concert in grand stand and races | chances are the price will be higher than in many years.

Special to the Indianapolis Journal. NEW ALBANY, Ind., Sept. 14.-Capt. Thomas Cannon, of the police force, was suspended by the police commissioners last night. He was asked to resign, a charge of neglect of duty being preferred against him, but declined. Later in the evening Chief of Police Adams was ordered to suspend him. He declined to recognize the suspension and remained in charge of the night detail last night. He is a Democrat and has been a member of the police force for twenty-seven years. The charge preferred against him was signed by the Republican commissioners, Edward McCulloch and Michael Zier. George Steinhauer, the Democratic member of the board, declined to

The action of the board has been expected ever since the appointment of Mr. Zier by Governor Durbin several months ago. In refusing to recognize the order of suspension Capt. Cannon is acting on the advice of his attorney, who claims the charge must be specific and that the rules provide that a member of the force cannot be removed on a general complaint or for political rea-

Damage Greater than Reported.

## VAILSBURG CYCLE RACES

BIG CROWD SEES SOME GOOD SPORT IN SEVERAL CONTESTS.

New Distance Race for Amateurs-First Football Game in Indiana-Other News of the Sports.

NEWARK, N. J., Sept. 14 .- Over 6,000 persons saw the bicycle races at the Vailsburg track to-day. One of the contests was particularly interesting. It was called the unknown-distance race and was for amateurs. It was an innovation, nothing like it having been tried before on either side of the Atlantic. When the riders mounted their wheels none of them knew whether the distance to be ridden would be a half mile or ten miles. The referee had several slips in his hat, and after the race started he was to draw one out. The one he drew was marked four miles. The riders had been instructed that a pistol would be fired at the beginning of the last lap, and this accordingly kept them close together throughout. When the pistol was fired Glasson was riding in third position and Hurley fourth. Glasson immediately sprinted and led down the back stretch by over a length. In the homestretch Hurley drew up to even terms, and at the tape won out by about half a length. Glasson was second and Lindley third. Summary:

Mile handicap (amateur): Won by D. J Quille, Bayonne (80 yards); M. L. Hurley, New York A. C. (scratch), second; Walter Haggarty, Bridgeport (60 yards), third. Half mile handlcap (professional): Won Walter Barrgett, Buffalo (50 yards); J. T. ESQUIMAUX AS SCHOLARS.

Are Anxious to Learn and Patient, but

Hard to Discipline.

Seattle Post-Intelligencer. Mrs. Mary Bernardi recently closed a several months' term of school as teacher of the Cape Prince of Wales natives. She taught at the village of Kingegan, having an enrolled attendance of 147. In spite of the many difficulties encountered she says she rather enjoyed the novel experience of teaching the young Eskimo idea how to

The most distinctive feature in the Eskimo character, Mrs. Bernardi says, is a superabundant curiosity. The natives, especially those who have arrived at the age of "discretion," are of a prying, not to say enterprising, cast of mind, and what they cannot understandand that would fill many volumes-they and disdain. However, Mrs. Bernardi says that the younger people are anxious to learn; they are patient to a degree, and, as a rule, are bright and quick to learn. The hardest task of the teacher, perhaps, is to teach them discipline; that is, that they must be subject to certain rules of government. The younger can with patience be brought to see the necessity of this, but practically to try to subject the older pupils

Mrs. Bernardi, who is well known in Seattle as well as Alaska, went to Cape Prince of Wales last October in the capacity of teacher. Of the 147 pupils onethird were over twenty-one years of age, and it was not at all times a primrose path which she found while trying to enlighten their benighted minds. The younger children made steady progress. They learned to read and cipher with a degree of rapidity and appreciated what

was being done for them. They were taught many things unknown to Eskimo domestic economy and were grateful. In winter the school was conducted in a large igloo, roughly equipped as a school-room, but with many schoolroom accessories wanting. Special to the Indianapolis Journal. KANSAS CITY, Mo., Sept. 14.-Indian apolis sustained the precedent of not bein able to win a majority of games with Kar sas City on the local grounds to-day by los ing the second game of the series by th score of 9 to 5. Both teams got off wel scoring two runs in the first inning, an then drew blanks until the sixth, when the visitors scored two more on a misplay ! Beville at the plate, allowing a thrown ball that would have cut off the runners and retired the side to be knocked out of his hand. After this Indianapolis fell back into the rut which marked its play yesterday, and

the locals had little trouble in winning. Kellum was given his turn in the box and was found for fourteen hits, all but two coming in three innings. Gibson, who opposed him, held the visitors down to nine hits, nicely scattered. One of the features of the game was the playing of Woodruff in left field. He had eight chances and accepted seven of them in good style. While Captain Grady was at bat in the third inning he tipped off a foul on to his face, breaking his nose, and so injuring him that | ball, but in the third inning he gave three he will be unable to play in to-morrow's bases on balls, forcing two men across the and Star Store at the Driving Park yes- game or the Toledo series. Two very estimable ladies of Indianapolis had a bad quarter of an hour when in a controversy over the possession of a night robe the learned judge insisted that the disputants should put it on in open court. He was then enabled to arrive at a decision, but if ever there was a time when justice should be blind, that was the time.
